**Activities/ Work Experience**

**Tucson Fringe Festival Intern**

*October 2017 - Present*

Helped design and maintain multiple pages on the Tucson Fringe Festival Website using WordPress and Square. Also designed the show program.

**UHS Alumni Association**

*October 2018 - November 2018*

Helped teach a member of the Alumni Association on how to manage the UHS Alumni Association's WordPress webpage.

**UHS Parents Association**

*April 2017 - Present*

Acted as a student-helper and helped remake the UHS Parents Association Website over the summer of 2017 and continue helping to maintain the site.

**Pima County - Kirk Bear Canyon Library**

*June 2018 - Present*

Overlooked and aided children during activities and crafts. Also helped plan a Code Club, teaching teens how to program.

**Society of Hispanic Professional Engineers Jr.**

*September 2015 - Present*

Actively participated in the club since freshman year. Treasurer during junior year and Vice President in senior year. Helped the club, started fundraisers, participated in STEM Nights across the community, and currently helping organize a school-wide STEM Night. Led and organized my own Arduino activity, teaching others how to use Arduino.

**Future Business Leaders of America**

*September 2017 - Present*

Participated in regionals and states in my junior year for events such as Website Design, Computer Problem Solving, and Cyber Security. Won 1st place in regionals for Website Design.

**CyberPatriot**

*September 2018 - Present*

Participate in cybersecurity competitions. Partake in the Windows and Cisco sections of the competition for my team.

**Humanitarian Technologies**

*September 2017 - Present*

Helped build solar panel kits which included a source of power and lights to be sent and installed in Mexico.

**Honors and Awards**

**Asian-Pacific Award:** Won twice for academic achievement

**AP Scholar with distinction**

**1st place in Website Design:** FBLA Regionals

**Skills and Interests**

**Languages:** Learned Cebuano/ Bisaya growing up and Spanish in school. Can understand Tagalog.

**Software Skills:** Well-versed in microsoft applications and have made medical documents for my dad, used at the Veterans Hospital. Well-versed in web development and programming having learned Java, HTML/ CSS, and Javascript in school. Taught myself Arduino and other programming languages. Well-versed in GIMP and Inkscape, having created images for certain websites.

**Piano:** Played piano since 8 years old. Played for middle school/ high school orchestra for 3 years and for a retirement home. Self-taught for the majority of the time. Teach my younger siblings.
